Riane will be graduating from Appoquinimink High School in June of 2024 where her pathway has been “Health Sciences” a pre-med course given by her highschool. She recently received a full-ride scholarship to Marion Military Institute in Alabama where she will be one of the top picks for any med school of her choice.

Recently she attended Love City, which is a Christian Summer Camp in Houston, Texas where she received the baptism of the Holy Spirit with the evidence of speaking in tongues. After she graduates she plans to attend Marion Military Institute where she will receive an Associate of Science degree and will be promoted to Second Lieutenant in the Army. Afterward, she will pursue higher education and attend a medical school where she will pursue a career in women's health.
